Line of Insurance Does filing only apply to certain territory (territories)or certain classes? If so, specify: No

Brief description of filing.

The purpose of this filing is to: revise base and earthquake rates and to introduce two new programs the Payment Method Credit program and the Preferred Home Discount program.

The Preferred Homeowners Discount program combines three elements using a point

system to determine what discount will apply. The elements include:
- A Risk Score - this is number that is developed based on the results of a consumer report.

Household Claim Score - this is based on the number of months a household has been claim free as well as the total number of claims during the experience

Household Retention Score - this is based on the number of years a risk has been insured with Sentry.

The Preferred Home Discount program was filed and approved for use in our other underwriting company, Middlesex Insurance Company. Your filing number for that filing is HOIL0555471R01 and was approved for a written date of 09/06/2006

All dollar-based endorsement rates in SIAMCO have been revised to offset the impact of the new Preferred Homeowners Discount. The overall impact to our premium from endorsements is 0.0%.

In addition we are also introducing a Payment Method Credit. This program enhancement gives a 5% credit to non-mortgagee payment options, excluding tenant policies.

Please refer to the attached filing memorandum for a complete description of Included for your review and approval are revised rate and these changes. manual pages.

We trust with the enclosed information, you will be able to review our filing and grant an approval. If you have any questions, please contact the undersigned. Thank you in advance for your help and attention to this matter.

Rose Grych, Sr Specialist Product Compliance / Development
